1982-83 ASB CABINET

8

THE BEST YEARS . . . include ASB activities. Cabinet got an early start this year with summer meetings and leadership class beginning at 7 AM. Members went to summer leadership camp to work on leadership skills and won 1st place out of 40 schools in the T-shirt Contest. Our leadership class worked hard to schedule activities to keep spirited GGHS students involved.

During Spirit Week students dressed as their favorite movie star, sports figure, MASH character, and also as tourists. They showed their pride and spirit on Argo Day by wearing their red and white. The finale of Spirit Week was the 61st Annual Homecoming Ceremony themed "Gone With the Wind."

Pep Assemblies, Class Competition, and after-game dances were successful because of the planning of ASB Cabinet and the enthusiastic participation of GGHS students.

WEST SIDE STORY

Anita (Diana Garnica) in her glory.

Tony and Maria (Gerardo Marti and Kim Radosevich) share a romantic moment.

Over 30 students attacked GGHS with the smash Broadway Musical **West Side Story.** The Performing Arts Department added another success to their ever-growing list, with this modern day version of **Romeo and Juliet.** The action of the play took place on the West side of New York where two gangs — The JETS and the SHARKS, American and Puerto Ricans respectively — battled it out to see which gang was the toughest. Maria, the younger sister of the SHARKS' gang leader, played by Kim Radosevich fell in love with Tony played by Gerardo Marti, a member of the JETS gang. The play ends in tragedy but with the hope things will change. The musical was a success thanks to the guidance and leadership of its directors: Cathy Draeger, Dramatic Director; Choral director Drew Carlson; Instrumental director Ed Peterson and Choreographical director Judy Ryan.

JUNIOR VARSITY

The Junior Varsity volleyball team had a winning season this year. Losing once to La Quinta in the first half, our awesome J.V. team came back and beat them in the second half. This made us first in league, only losing once the entire season. Fine offensive playing by Donna Toth, Martie Guinn, Kym Frazier; Fine defensive playing by Mikki Udelph, Laura Conte; and fine setting by Alicia Ramos. Congratulations to all the girls.

CROSS COUNTRY

The Argos were the team to beat this season having been undefeated and league champs on both frosh-soph and varsity levels the previous two years. The frosh-soph team, with fine perforamnces by Kevin Shelton, John Meislahn, and Brad Markell again went undefeated and won its third straight league title. The Varsity did very well considering three of our top seven runners did not return, and our #1 man failed to finish the race in league finals due to illness. We only lost one dual meet and finished 3rd in league, going to CIF.

"This year's Garden Grove High School's Field Hockey has had the best year ever! Our team is at its strongest level of competition. Our offense has shown great talent in their speed and stickwork to overpower any other school in CIF. Our defense has proven control of any scoring from other teams. It has been an enjoyable and exciting year for the team and I. It is a great feeling to know and be a part of the best team in Southern California! I wish the best to coach Minor's future endeavors in having many more successful years!"

FIELD HOCKEY WINS CIF

Once again our field hockey team came out on top with another CIF championship! It has been the most exciting year. We had the highest overall record of 19-1, which proves to be the best ever of any of our past field hockey squads. Coach Minor brought out the very best in each one of us, and that's what it takes to make a winning team, when every player can play their best player **together.** Due to the continuous rain, the field condition for our last CIF game prevented us from playing "our game", but we came into the game knowing this factor. All in all, I don't think that any player can define the sheer feeling of winning the CIF finals! I'm very grateful and proud to be a part of a team where every player was a champion. Thank you, Minor!

SOCCER DOES WELL IN CIF

This year's varsity soccer team produced the best record we have ever had. Our league record was eight wins, one loss, and one tie. In the first round of the CIF play-offs we beat University three to one. The second round put us against Anahiem and produced a three to two win in overtime. We travelled to Temple City for the quarterfinals. Temple City managed to tie the game near the end of the game **one to one.** We scored in the first period of overtime, but Temple City again was able to tie the game in the second period. In the tie-breaking penalty kick contest we again appeared to win, but Temple City tied on a rekick three to three. The game ended with a sudden death penalty kick contest that eliminated us from the semifinals.

1. Argos celebrate the victory over Anahiem.
2. Paul Vilte (9) all league defensive player thrwarts a goal attempt.
3. Pat O'Brein scores from center field.
4. Goalie Kevin Crally stops another University attempt to score in CIF competition.

CHORUS CELEBRATES HOLIDAY SEASON

The Choral groups combined with the school orchestra under the direction of Mr. Peterson to present the Annual Christmas Concert in Don Wash Auditorium on December 15.

An unusual highlight for the music department is having Maria Widgren, Swedish foreign exchange student teach students the music of Sankta Lucia, the traditional December 13th festival of Christmas in her homeland.

Music is an important part of the holiday season. The Choral Department has had a busy schedule providing lovely music for large groups, smallgroups, a TV station, shopping malls, and singing for community groups.

The Chamber Singers also had the unique opportunity of video-taping two songs for presentation on KDOC, a local public television station. (As reported by Wendy Reynolds in the Argolog)

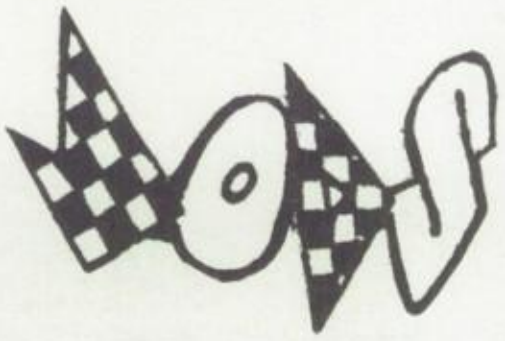
LIFE AT GROVE, "OLD AND NEW"



MODS

These people are living in the sixties. Mods roots can be traced back from England. The music that they listen to, ranges from Madness to The Jam. Their attire consists basically of clothes worn in the sixties, (black pants, white shirts, and trench coats.) You may recognize a mod if you see their symbol, the British flag. The Mod lifestyle is one of tradition and fun.

PREPS

When you think of "preppy", do you only think of izod shirts, Levis 501's, and topsiders? Because if you do, you couldn't be more wrong. Preppy is an attitude. It stands for a fun loving, outgoing person who happens to dress in a certain distinctive way. Tradition is what makes the preppy look so unique.

ROCKABILLY

What is a Rock-a-Billy? A 'Billy' is someone who greases his hair everyday and loves the fifties. Music of the 50's is also very important. Some of the favorite music is Buddy Holly, Elvis, and the Blasters. Distinctive clothing of the 'Billy's' includes bowling shirts, baggy pants, jeans, wing tips, cowboy boots, bow ties, and Levis jackets.

PUNKS

They have spiked hair, leather jackets, and combat boots. Anyone of them will tell you loudly, "we're not Punkers ... we're PUNKS". These guys are burnt out on rock-n-roll, and their favorite groups now are: **Exploited and Anti Pasti.** One thing is sure. Punks are pleased with themselves and what they stand for. They are willing to be different. New Romantic's are new and may be mistaken for punks.

HAPPENINGS

1982-83; For school, it was one of the **best years of our lives.** But a lot of things happened outside of school. President Reagan copes with high unemployment and an even higher budget deficit. Southern California was stricken with a huge storm in late January which demolished many beach front homes and piers including this Seal Beach pier. Above Right: **ET** the biggest movie of the year, possibly of all time, came into our lives this year. This cute little creature warmed our hearts as we all hoped he would get home. Right: The Extra Strength Tylenol Deaths were a true tragedy this year. Four people were killed due to cyanide injected into the capsules. Dr. Barney Clark gets an artificial heart. 1982-83 was a year for laughing and crying and for starting over and trying again.

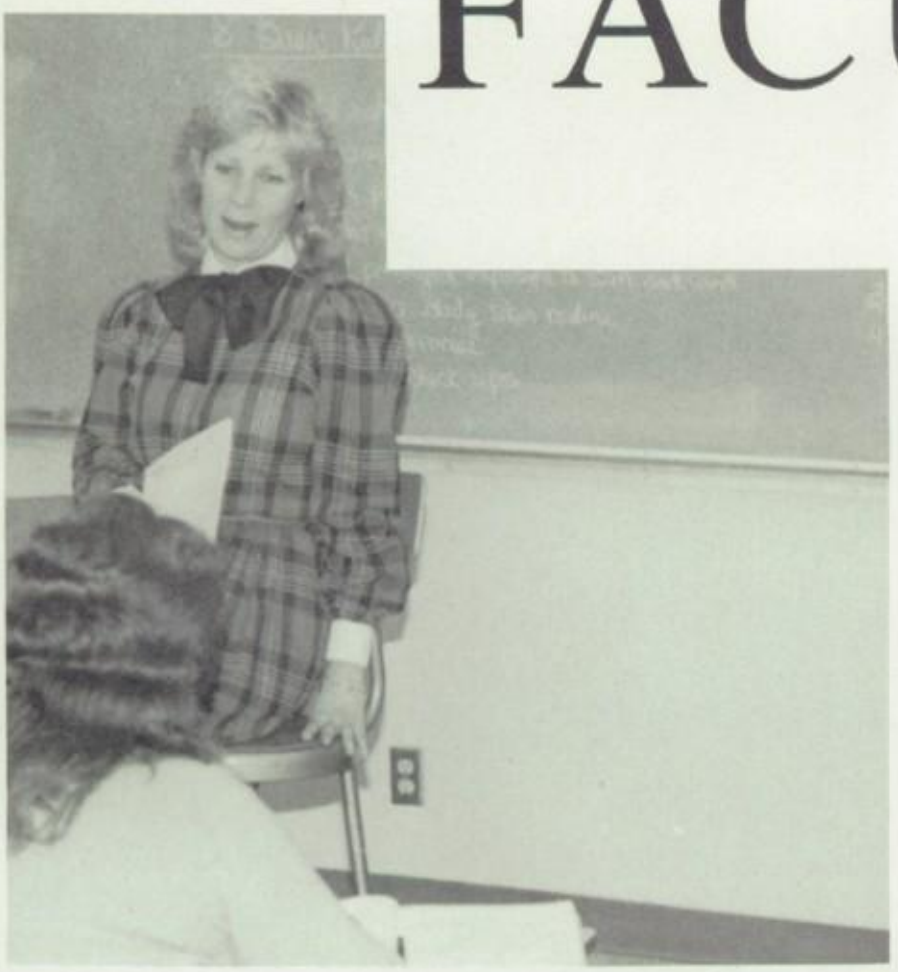
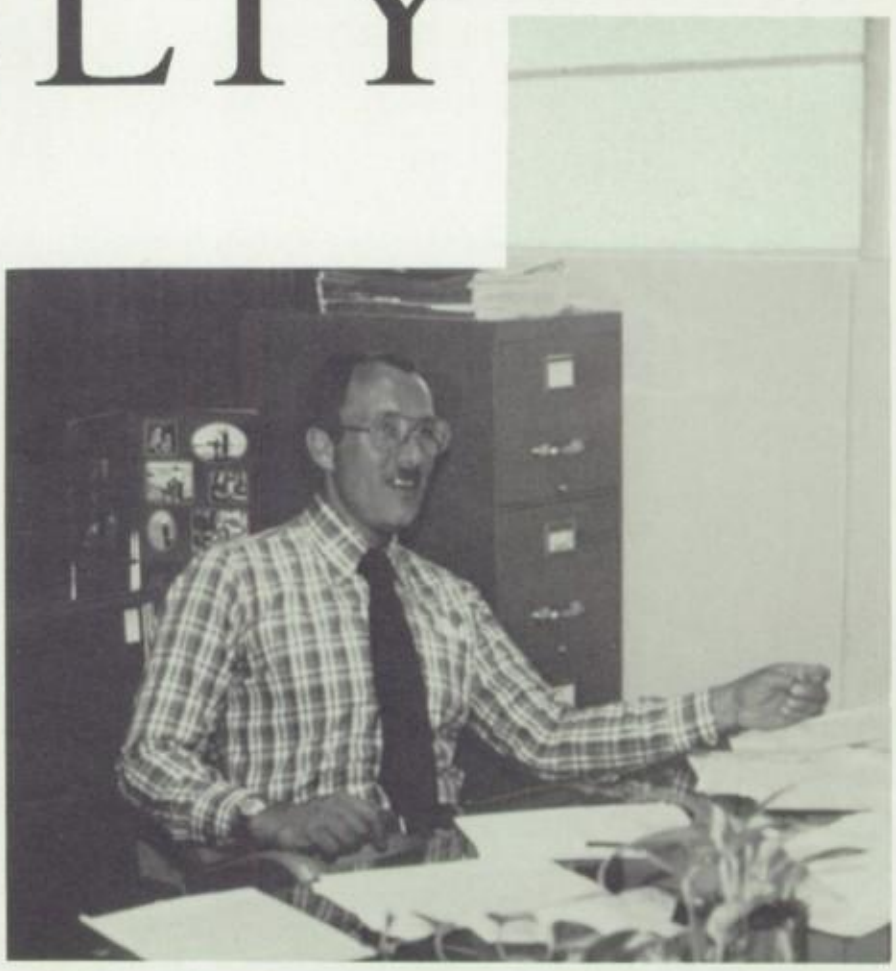
FACULTY





DR. "DUNDON DR. "DUNDON

Superintendent

In 1966 Dr. Ed Dundon, our school superintendent, had finished college and the Marine Corps. He moved from his home in Pennsylvania to Garden Grove, California, where he claimed his first job, as a math teacher. For three years, he taught at Garden Grove High School. In 1969, Dr. Dundon was promoted to Vice Principal of Garden Grove High School. He said, "Those were a couple of the best years of my life." He enjoyed the closeness of the students who were involved with all the activities and helping students with their problems. "My job was a big, important part of my life, and since the students were my job, they were also a part of my life," says Dr. Dundon and adds, "I can see that students are going back to the more academic-oriented traditional attitude. They are carrying six and seven classes as in the 60's, when I was Vice Principal. The attitudes of the students are much more serious. I think they seem to understand that people are going to have to be more technically trained for whatever field or career they choose." Dr. Ed Dundon has been School Superintendent for ten years now, and he concluded by saying that, **"THOSE WERE TEN OF MY BEST YEARS!"**

Dr. Dundon said, "Those Were A Couple Of The Best Years Of My Life."

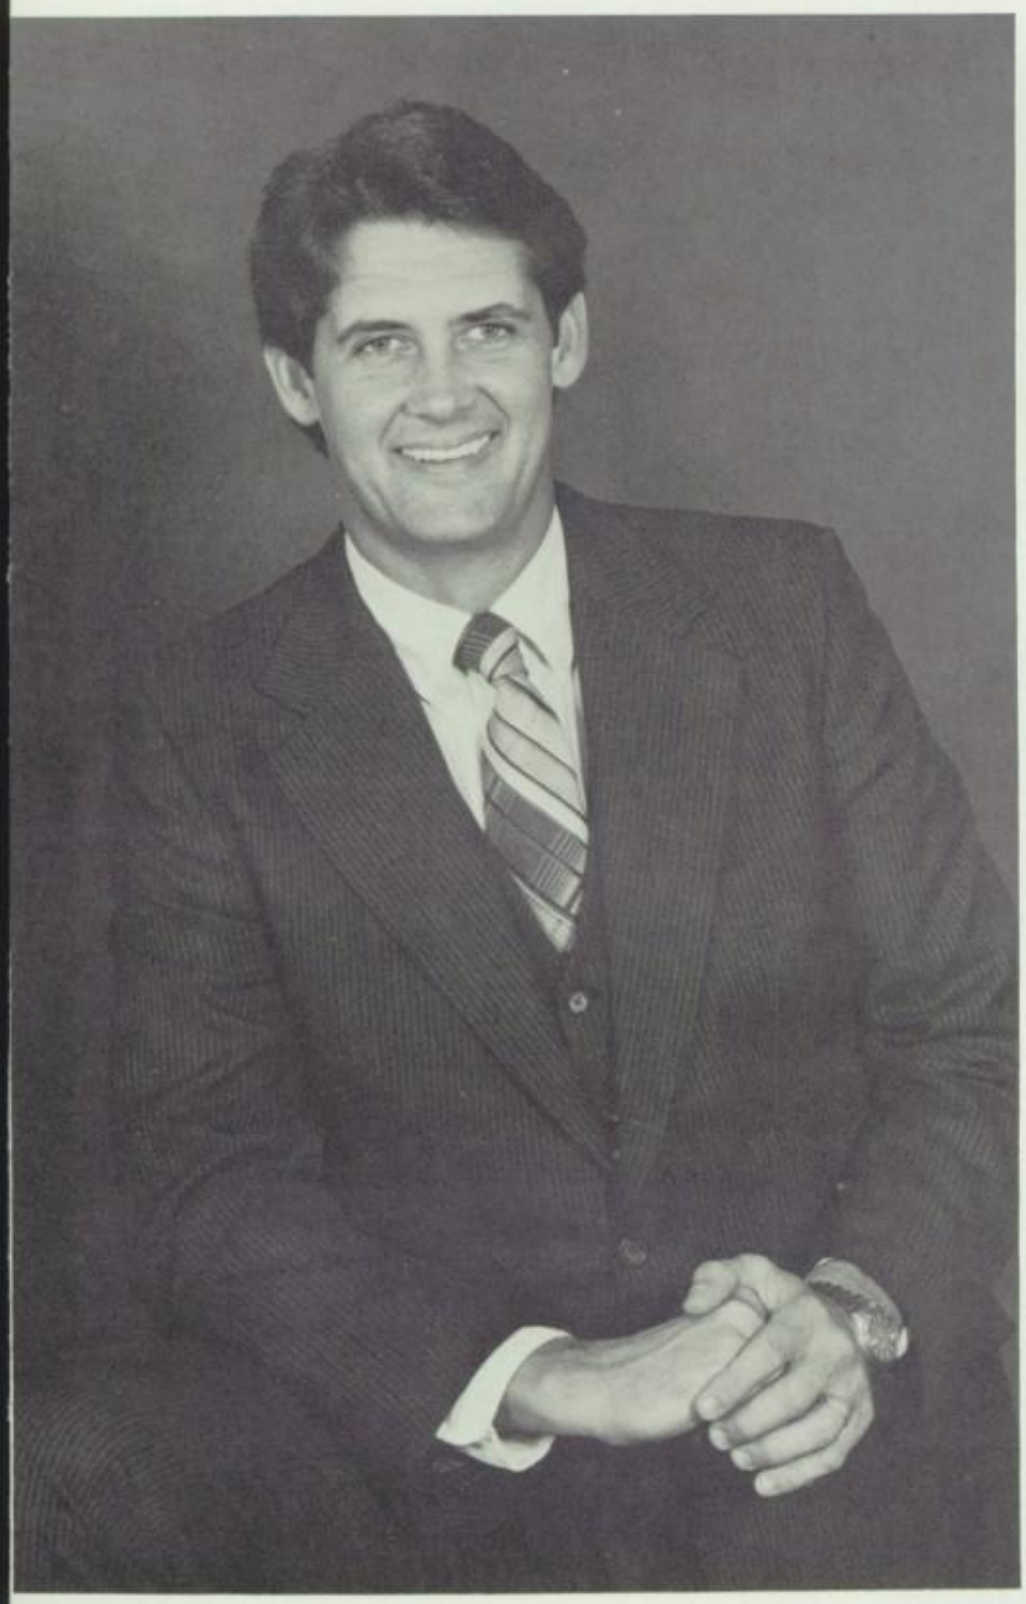
AND BOARD MEMBERS

OUR PRINCIPAL



"I'd Rather Be In Cuba"

Principal Pedro Enrique Garcia was born in Havana, Cuba in 1946, where he lived until the age of fifteen. His education was obtained at five different schools. Perhaps **a few of the best years of his life** were spent at Iowa Western, in the little "riproaring" town of Clarinda, Iowa. Principal Garcia was interested in baseball and that old-time-favorite, bowling. Pedro says, "I was a real wild one. I played rhythm guitar in a band called the 'Antifinks'. Another big one to remember is that I put out 'Pedro's Hit Parade,' a weekly record chart with the top forty songs of the week ranked in the order I liked best. Believe me, every living soul on campus knew who **Pedro** was!"

From 1960 to 1970, our principal worked for Athletes In Action at UCLA. Later he enrolled at San Diego State to earn his Master's Degree. Now our principal has gone one step further and shown us what real ambition and determination, are by claiming his Doctorate Degree, in education at USC. When you see Dr. Garcia around campus, don't be surprised if he's wearing a gold and cardinal button that says, "God Is A Trojan." Perhaps if he's not to be found on campus, you will locate him, in his "Back To Nature" office, listening to his USC Trojan Marching Band record. Pedro is truly one of the last pioneer USC lovers, his two mottos are, "Gold and cardinal forever, and "Trojans don't eat quiche."

Principal Pedro Enrique Garcia has three major hobbies: music, movies, and racquetball. Garcia said, "I have a great stereo and over 800 records. I would say a 'cool' evening would be turning my stereo up full blast and listening to one of my Beatles records. I also go to the movies in my spare time. I especially love foreign movies."

Dr. Garcia has been married four years to his charming wife Nancy. The Garcia's reside in Westminister near La Quinta High School. In conclusion, our principal says, "I like G.G.H.S. because there are no major problems. We are an academically oriented school with a great student body, great teachers, history and tradition which stand for **Pride, Performance, and Pursuit of Excellence.** All of this and more leads up to what we have, **LOTS OF CLASS!**

COUNSELORS

Our best years have been made possible by the leadership of our vice principals. Their job is to help us be more responsible for our own deeds. They set rules and with these rules, they help the students prepare for challenges that will come in their future.

OUR BEST YEARS HAVE BEEN GUIDED BY OUR COUNSELORS. 1. Dick Ensch 2. Betty Harris 3. Todd Paddock 4. Regis Urinsco. They help the kids at Garden Grove High School get "it" together. They guide them to a successful future. Counselors spend time and effort helping students at Grove, who would be unable to set goals for their future without them.

Dear students and faculty:

The 1982-83 yearbook staff sincerely hopes that you enjoy this years yearbook. We would like to thank the administration and faculty for their co-operation and support throughout the year. But most of all we would like to thank you, the students, for your participation and great school spirit that makes this school the BEST! We have included as many activities and events as time and space allowed. In the years to come, we hope these pages will bring back fond memories of your years at Grove. Congratulations to the graduating class of 1983 — Good luck in the future.

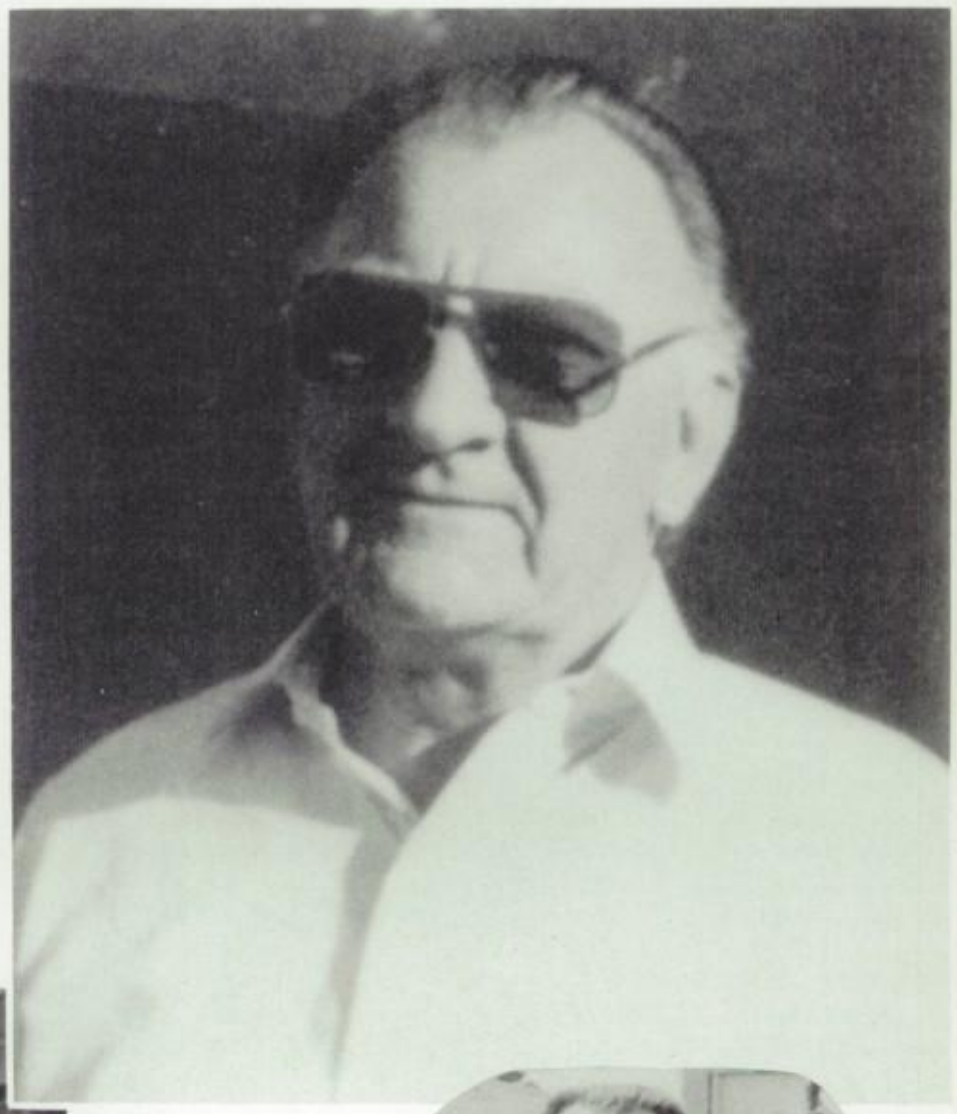
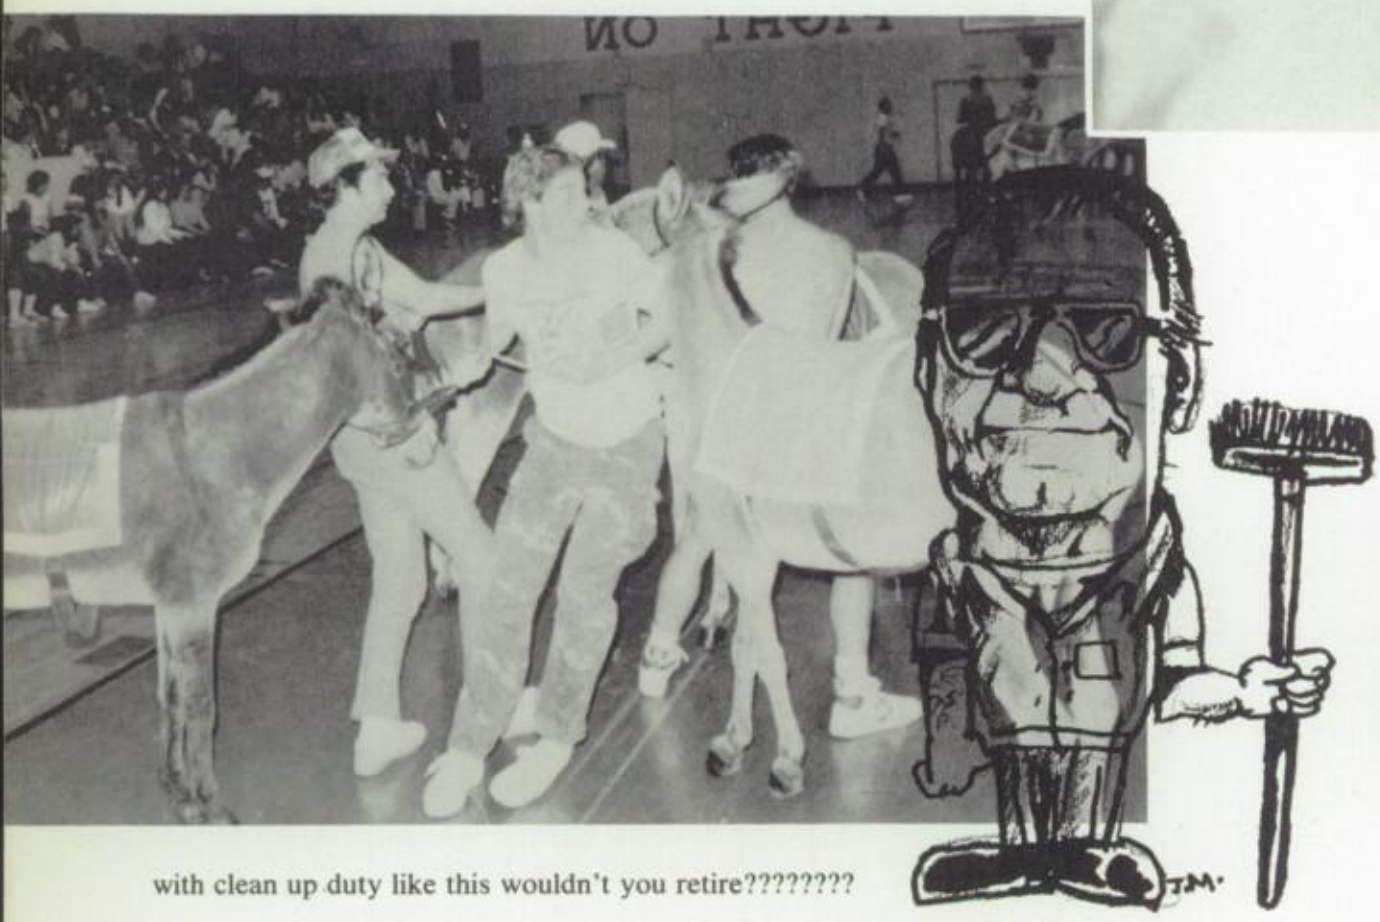
Say GOODBYE!

To GGHS and to Harold Pozanac

Harold has given us more than twenty of his best years! The yearbook staff would like to say thanks for letting us use your hot water, your office, your telephone, and for sharing your supplies. Thanks too, for keeping our room clean and for not throwing away those pictures and negatives that always managed to find a hiding place on the floor. We join the staff in wishing that you begin enjoying **the best years of your life.**





with clean up duty like this wouldn't you retire????????
